EFFORTS REWARDED

Former Maysville Man Secures Gift For His School

After two years of persistent work by Prof.
B. F. Gabby, formerly of this city but now
Principal of Hickman (Ky.) College, and the
co-operation of the members of the School
Board, their efforts have been rewarded and
they have received positive and official notice
that \$10,000 has been donated to Hickman
College by Andrew Carnegie, with which to
found a library.

This amount has been set aside and is now
subject to the order of the School Board.

It is unusual for a city the size of Hickman
to procure a Carnegie Library, Hickman being
the only town of its size in Western Kentucky
or Tennessee thus favored, and her citizens
are very proud of their good luck.

In its twenty-fourth annual report the
United States Civil Service Commission places
the number of officers and employees of the ex-
ecutive Civil Service on June 30th, 1907, at
approximately 337,000. Of this number 196,-
918 were subject to examination, an increase
of 12,709, as compared with the number for
the previous year.

At Mayfield a personal quarrel between

W. M. Smith of Louisville, were slightly in-
jured. Dulaney was unhurt.

"Nip and Tuck" with Harry Webber as the
star will be at The Washington Opera-house on
February 6th. A play with an excellent plot
in the revelation of which occur some fine
scenes, interlarded with the funniest of funny
and ludicrous situations in the hands of such
people as Mr. Webber's support contains, is
sure to "catch" an audience. The characters
of the play are unexceptionally sustained. Mr.
Webber as "Nip" has altogether the best of
the play.

FOR PRESIDENT,
WILLIAM H. TAFT,
of Ohio.

FOR VICE-PRESIDENT,
CHARLES E. HUGHES,
of New York.

THE Kentucky Legislature would save a lot of money, worry and trouble if it would blow out the lights and hike for home.

"LET me get the votes for President and I care not who writes the platform." So saith the demagogues of National politics of both great parties.

LAST year a human life was saved by the United States Life Saving Service every 90 minutes. Out of 5,230 people whose lives were imperiled, only 29 were drowned.

EMPTY cars are presenting a serious problem to the railroads, it is said, but full cars would prove just about as serious, to judge from the way in which the roads attempt to handle them.—Louisville Post.

THE weather man is a promising individual and every twenty-four hours we experience evidences of his promises to improve the weather conditions, and it nearly always turns out just directly contrary to prognostications.

ALTHOUGH Oklahoma has indorsed TAFT for the Presidency as fully representing Roosevelt's policies, yet The Indianapolis News declares that the "Baby State" is friendly to FAIRBANKS. It's a peculiar brand of friendship that gives the other fellow everything in sight and leaves you sucking your empty thumb.

THERE is food for thought in this paragraph from The San Francisco Chronicle:

"A contemporary preaches a sermon on the effect of increasing the price of a spool of cotton thread by a single cent, and shows the appalling possibilities which may result from making such an increase. It should have finished the picture, or rather have furnished the reverse of it, by showing what the effect might be if the manufacturer attempted to sell a spool of thread at a fraction of a cent less per spool than cost of production. Of course it would be bankruptcy, but that is something that the scribbler who only studies economic questions from the side of the consumer never thinks of when indulging in sap-headed reflections."

Sheriff James Mackey, who has been wrestling with the grip for some days, is reported improving this morning.

Mr. G. W. Rudy of Forest avenue has the grip, his son, N. C. Rudy, is still confined to his bed with the same disease.

WHILE Senator LaFollette would like to wear Secretary Taft's shoes, the fiery ex-Governor of Wisconsin probably realizes that Judge Taft's vest would make him, LaFollette, an overcoat.

ALTHOUGH HARRY K. THAW was declared not guilty by a Jury, yet all the same he was guilty of a cowardly and cold-blooded murder. What saved THAW was the fact that he killed a man several degrees more depraved than he was and one bad enough to deserve to be put out of the way.

THE appointment of Judge PUGH to the Surveyorship and LESLIE APPELGATE as Commonwealth's Attorney in Kenton county are both hanging fire from some mysterious political cause. The political maxim that "politics is the damndest in Kentucky," is a saying that is all wool and 36 inches wide.

THE Kentucky Republicans, with the unmistakable Fairbanks trade mark upon them, are trying to work the double-dealing game of skin-game politics on Governor WILLSON by promising him instructions for President from Kentucky. Governor WILLSON has declared that he will not mix up in the Presidential fight, and we don't see how the Governor could or would permit his high political standing to be jeopardized by suffering the tricky Fairbanks people to play politics with him. The people of Kentucky have confidence in Mr. WILLSON, and we trust he will not mix up in the coming row, which, from all indications, promises to be one of the warmest ever seen in the State. Every man is entitled to his untrammelled political preference, even the Governor, but we sincerely hope the throat-cutting among the Republicans between the Taft forces and the Fairbanks forces will not be carried to excess. Let the knocking down and dragging out act at least be done decently and in order. In the meantime, Judge TAFT is leading the field, but the Indiana Icicle is beginning to put on a little steam coming from his \$2,000,000 barrel.

EVERYTHING MIXED.

"I suppose you did all the theaters and amusement places on your trip to London, Mrs. Comeup?"

"Yes, but at most of the shows they talked so much and I didn't know what it was all about."

"Oh, the Christmas pandemonium—it was so nice and quiet."

One death in every seven in Kentucky is the result of tuberculosis, so recent statistics say.

GAMBLING BUCKET SHOPS

Not Wanted in Maysville--They Are the Most Demoralizing of All Speculations

Before Council grants license for a bucket-shop in this city, it would be well to inform itself fully of the workings of one of the worst evils of the day. This kind of gambling has been the ruin of many a good man, and Maysville is not without experience and examples in that line either.

An Ohio Legislator in speaking of the iniquitous business said—

"I am reliably informed that a concern in Cincinnati cleared \$480,000 in one month. All over the state you find that bucket shops are actually given away because the owners have made so much that they have no further use for them. Such profit indicates that some one is getting a shade the worst of it."

NO BALLOT

Taken in the Senatorial Race at Frankfort Tuesday.

Both Houses of the General Assembly Adjourn

FRANKFORT, Ky., February 4th.—Both the Senate and House adjourned a few minutes before 12 o'clock today.

Speaker Gooch called the joint assembly to order at noon, but as only 38 were present, no ballot was taken.

The Senate was in session only a few minutes today, and the only thing done was to read the report of Insurance Commissioner Bell in response to the resolution asking how much had been paid for special examiners' fees in the past twelve years.

The report shows the amount to be \$23,200, of which \$1,000 was paid from 1896 to 1900; \$2,800 from 1900 to 1904, and \$18,400 from 1904 to 1908.

All the expenses, however, are paid by the insurance companies, so the State is out nothing.

It is said that a resolution will be introduced this week by the Democrats indorsing the special message of President Roosevelt in its demand for legislation to curb the trusts. Many Democrats here advocate the introduction and passage of such a resolution.

For twenty years I have sold Harrington Hall Coffee and have no hesitancy in recommending it as the best that can be produced. I always guarantee it. Butter, Eggs, Poultry and Country Produce generally, such as I can use in my business, wanted, for which I pay cash. The usual special invitation is extended to country people to make my house headquarters when in the city. A small quantity of Duffy's Famous Sweet Cider left: price now 25c, worth in any market 40c. Wishing all a happy and prosperous New Year.

JUST AND EQUITABLE

Every Widow of a Soldier Will Be Beneficiary of Bill--Flat Pension of \$12 Per Month Provided

Tuesday Congress passed the Sulloway Bill, granting a flat pension to all widows of honorably discharged soldiers. The bill increases the pensions of widows from \$8 to \$12 per month and is applicable to all such pensions for less than that rate which have been or may be granted under existing pension laws.

This will effect a large number in Maysville and Mason county who are now receiving less than \$12 per month.

ASTRONOMY

Byron Williams.

Did you ever study Venus by the glory of the moon, While the silver-laden voices of the night were all in tune? Did you ever seek Orion and the Little Dipper, too, In the brown eyes of a woman you have striven long to woo?

Have you sought to read her answer in the glimmer of the stars? Have you stared your eyes to aching at the Pleiades and Mars? Have you found the meadows studded with forget-me-nots of love As you gaze into the grandeur of the firmament above?

Have you striven, man, to girdle "all the earth" within your arm As you note the constellations dart and shimmer with alarm? Have you seen the misty vistas of space within her die As you win her faintest answer to be yours for aye and aye?

Have you felt the rocking motion of the universe that dips As you press her closer, closer, sipping honey from her lips? If you have, O happy lover, you have seen the system right-- For the way to heaven opened to astronomy that night!

Be Sure

Do not trust too much to your own judgment in medical matters. Consult your doctor frequently. He knows best.

Hard colds, hard coughs, severe bronchitis, weak throats, weak lungs. We wish you would ask your doctor if he knows of anything better for these troubles than Ayer's Cherry Pectoral. We believe it is the best medicine you could possibly take. But ask your doctor, and thus be sure to make no mistake. J. C. Ayer & Co., Lowell, Mass.

BOGGS.

Bruce and Edgar Boyd are visiting relatives in Fleming.

The Cottageville school closed Monday with an entertainment.

Elvin Ruark of Trinity was a visitor here Sunday and Monday.

Frank Lewis of Mason county visited relatives at this place last week.

A protracted meeting is in progress at the F. W. B. Church at Poplar Flat.

The Ladies Aid Society will meet with Mrs. R. J. Boggs Thursday of this week.

Miss Lucy Wilson contemplates going to Wapella, Ill., where she is offered a position.

F. M. Gidding and family are now domiciled in the B. F. Ferguson property at this place.

Mrs. Look, wife of Rev. Jesse Lock, is seriously ill at the home of her daughter, Mrs. Potts.

Charles Truitt of Fisher, Ill., visited relatives here last week. Charles is a native of this place and will shortly move from Illinois to Greenwood county, Kansas.

The Republicans of this locality are unanimously in favor of Hon. J. B. Bennett for another term in Congress, believing him to be the best representative this District has ever sent to Washington.

Mr. Sam Redman has been awarded the contract of carrying the U. S. Mail between Boggs and Cottageville, from July 1908 until July 1912. Wallace Cole will carry the mail between McKenzie and Springdale for the same period.

The Postoffice here has proven a great benefit to this locality. The office is increasing more and more in business and many people are taking weekly and daily papers, who seldom read them before. Both Maysville dailies as well as the two weeklies of Maysville, and the Cincinnati and Louisville papers are welcome daily visitors here. Only one copy of our county paper reaches this office, we are informed.

Yesterday's Lexington Leader says: "Mrs. Dodson of Maysville has come to see her daughter, Miss Florence Dodson, who is quite ill and was taken today from her home on High street to St. Joseph's Hospital."

Small matter for publication must be handed in before 9 o'clock a. m.

Of Ohio Valley Pulley Works in Flourishing Condition

THE LEDGER some time ago mentioned the fact that the employees of the Ohio Valley Pulley Works had organized a Mutual Benefit Association for the protection of its members against sickness and accident.

The firm contributed a nice little sum as a nucleus for a treasury and since it has grown like a greenbay tree and is now on its feet in a financial way. The Association is Fraternal as well as Beneficial, and since its organization quite a number have found it a friend indeed in time of need, owing to sickness or other cause having befallen them.

LUMBER

Largest Cut Last Year in the History of the Trade

More lumber was cut in the United States last year than in any other year in its history. The enormous amount of 37,550,736,000 board feet was produced, and the mill value of this was \$621,151,388.

In addition, there were produced 11,558,260,000 shingles, valued at \$24,155,555, and 3,812,807,000 lath, valued at \$11,490,570.

On the whole, it is safe to say that the present annual lumber cut of the United States approximates 40 billion feet, and that the total mill value of the lumber, lath and shingles each year produced is not less than \$700,000,000.

These figures give some idea of how vast is the lumber industry and how great is the demand for its products.

TUBERCULOSIS EXHIBIT

Now at Frankfort—Appropriation Needed Badly

The American Tuberculosis Exhibition, which has just closed in Louisville, opened in Frankfort on Monday, February 24 where it is hoped to impress upon the legislators and others gathered there from all over the state the needs and possibilities of prosecuting the Anti-Tuberculosis movement in every county of the state.

The two weeks stay of this Exhibition in Louisville was marked by the greatest interest among Louisville people and every business and social organization in the city co-operated to make it a complete success. For two weeks there was a daily attendance of three thousand people, and some of the results have already begun to show themselves.

It was sent to Frankfort by the Kentucky Anti-Tuberculosis Association and the Lexington Anti-Tuberculosis Association which will share the expenses incurred during the week stay in the Capital.

Leaving Frankfort the Exhibition will go to Lexington after which the Kentucky Anti-Tuberculosis Association expects to have so thoroughly organized the Anti-Tuberculosis fight all over the state that the very high death rate which now obtains in Kentucky from this disease will be very greatly reduced.

The condition of James C. Owens is reported much worse this morning.

Portsmouth Blade—Miss Maud Berry of Maysville, Ky., is coming next Friday to attend the leap year dance to be given that evening in the Elk parlors.

The meeting at Sedden M. E. Church on Forest avenue is still growing in interest. Rev. N. G. Grizzle a former Pastor preached last night and will preach tonight. Up to date there have been 31 converted and 16 joined the Church.
